## Mini AUTO No.018 ATS F1 H5001 1978

At the end of the 1977 season the works Marches were taken over by the German ATS team to be entered by the team for Mass and Jarier Development work continued to be carried out by Robin Herd of March Engineering under contract to A.T.S. So far this season they have not shown spectacular form but the cars in their brillant yellow bodywork are very colourful. Colour Yellow.
