1974 Brazilian GP - Mass #19

The blue "Matchbox" sponsored Surtees TS16 made its debut at the 1974 Argentine GP with Carlos Pace and Jochen Mass the drivers. Both retired in Argentina, but in Brazil Pace finished in a very promising 4th place. Sadly those were the last points for Team Surtees in 1974. Mass finished 17th.

The cars were once again powered and driven through a Ford Cosworth - Hewland FG400 combination as was the case with the 1973 TS14 cars. Another noticeable feature was the nose mounted water radiator, being placed there in order to achieve a more even weight distribution.
